

IAIN STEWART MP  
Member for Milton Keynes South

HOUSE OF COMMONS  
LONDON SW1A 0AA

Resident  
Newton Leys  
Milton Keynes

15 December 2023

Dear Resident,

I am getting in touch to provide you with an update on the Bletchley Landfill Site after receiving numerous complaints from local constituents living on the Newton Leys Estate.

Recently I met with the Environmental Agency to discuss the main issue being raised with me about the Bletchley Landfill Site – a persistent foul odour. I live in Bletchley and can often smell this myself.

At this meeting, the Environmental Agency offered to me their reassurances that work is underway at Bletchley Landfill Site to tackle the odour local residents are regularly smelling and that measures have been put in place already to reduce it.

The Environmental Agency are taking this matter seriously as they currently have several employees working onsite with the operator to tackle the odour issue.

Following this meeting, the Environmental Agency expressed their confidence to me that residents can expect an improvement within the next couple of weeks.

I will continue to put pressure on the Environmental Agency and the operators of the Bletchley Landfill Site to ensure this matter is fully addressed.

In the meantime, if I can be of any further help, please do get in touch with me on the contact details provided.

Kind regards,

A handwritten signature in black ink that reads "Iain Stewart".
